## EDUCATION

---

**University of Toronto**  
Honours Bachelor of Science  
Mathematics and Computer Science

*September 2018 - Present*

## PROJECTS

---

### **UniMart - In Progress**

We aim to build an eBay-like student-to-student online item trading website targeting college and university students. We are currently developing an verification system that verifies students over outsiders. We also control tradings to take place in school areas. The goal of this project is to reduce potential risks while trading items in real life.

This project is built using Spring, SpringMVC, and Mybatis.

## TECHNICAL STRENGTHS

---

**Software & Tools : Python, Java SE/EE, Postgres**  
**Packages Web Frameworks: Django, SSM - Spring + SpringMVC + Mybatis**

## EXTRA-CURRICULAR

---

Founder, Leader of the Magic Club of West Vancouver Secondary School, from 2017 - 2018
